## 44<sup>th</sup> GOLDEN FLIGHT LEVEL

26.01 – 02.02.2019 • Rosa Khutor • Sochi • Russia

[www.gfl2019.com](http://www.gfl2019.com)

## **Hi Captains,**

It is December out there, and we are already approaching the snowy GFL 2019.

Thank goodness, it is snowing now, so we hope that the slopes at Rosa Khutor will soon be like paradise.

I know that everybody is in the middle of a pre-Christmas mess and in a festive mood, so I wish you to spend these weeks in anticipation of this magic holiday.

I would like to let you know that this New Year's Eve I will have just one dearest wish – that you all come to Sochi for the GFL 2019, and that we spend the GFL week having fun, getting surprises and, of course, setting sport records.

OC GFL 2019 keeps working hard: we are asking you for information more often now, since we need details to make all the preparations so that we can provide you with excellent conditions and meet your expectations.

We hope that you have all obtained visas; please let us know if you need any help.

## **DRAW**

The draw of SB and GS Race Teams will be held **online on 25 December 2018** – yes, after you have opened up your Christmas gifts, we will add one more gift to this collection – your draw number.

We will provide the time of the online broadcast and a link a few days prior to the draw date.

Those of you who have not provided the details for merge&split yet, please email them to me no later than 10 December at [president@gfl2019.com](mailto:president@gfl2019.com).

## **EQUIPMENT RENTAL**

We are continuing to gather information regarding equipment rental from you; the quality of equipment provided directly depends on the information we get.

We are unable to advise you on the rental costs now, as we are still negotiating a special rate for GFL-ers.

We will try to inform you of the prices ASAP, once we reach a positive result.

## **FOOD&BEVERAGES**

We understand that our guests have special habits and specific food preferences.

Please let us know if there are any vegetarians/vegans in your team and email us a list of team members at [info@gfl2019.com](mailto:info@gfl2019.com) no later than 10 December 2018.

## **TRANSPORTATION**

To make sure that everybody successfully reaches their destination and that no one is left at the airport, we have sent you the Instructions on how to use the Transportation Module on our registration portal. Please make sure you enter your details on time.

## EVENTS

Sochi is famous for its unique combination of natural factors. The mild subtropical climate, a combination of mountains and the sea make it possible to have a great time here at any time of the year.

Our fantasy is unstoppable, so we have decided to celebrate Sochi's uniqueness by announcing a **Yacht Party on 27 January 2019**.

We invite your teams to join this maritime madness:

Please also be reminded about the things we are waiting for from your teams and send them to us at [media@gfl2019.com](mailto:media@gfl2019.com):

1. *before 10 January 2019* - 'waiting for...' video about Your Space Adventure/Adventures;
  2. *before 15 December 2018* –DJ Battle applications.
- See Newsletter 6 for details.

## VOLUNTEERS

To ensure your and your teams' comfort during the tournament, a team attaché will be at each team's disposal, who will be helping you find your way around, choose souvenirs, deal with accommodation issues, currency exchange and all administrative matters. The team attachés have already been assigned; so if you notice an increased number of views on your social media accounts, that means our volunteers have already started to get to know you and your team.

Teams with few members have been merged and will be supervised by one attaché, while teams with a lot of members have two attachés that are in charge of them.

Please be patient and we will introduce you to our caring attachés shortly.

### **APPLICATION FOR GFL 2021**

While fun, records, travel details and keeping your team together on the way to Sochi certainly are our priorities, there is another important mission for the Captains – to make the right choice with regard to the **GFL 2021** location.

If you dare and are ready to nominate your country to host the GFL 2021, please inform me of your wish at [president@gfl2019.com](mailto:president@gfl2019.com) and remember to provide a list of equipment required to present your application.

If you still have participants wishing to join the GFL 2019, please contact us before 15 December 2018, and we will try to take them on board.

Best regards,  
Sergey Polozov

President  
GFL 2019 OC
